

CAM2® Blue Blood Racing Motor Oil

CAM2 SYNAVEX 75W-90 LS Extreme Pressure Gear Lubricant Blue Blood Racing Formulation

CAM2 SYNAVEX 75W-90 LS is a Full Synthetic heavy duty extreme pressure multi-grade gear oil manufactured from highest quality synthetic base oil and offers the following added value features:

- Excellent anti-wear Performance
- Limited Slip (LS) Performance
- Excellent anti-foam protection
- Excellent rust and corrosion protection
- High Viscosity Index and Low Pour
- Excellent Extreme Pressure Performance
- Exceptional thermal & oxidative stability
- Extended drain capabilities
- Outstanding seal compatibility
- Excellent shear stability

CAM2 SYNAVEX 75W-90 LS Gear Lubricant can be used in all hypoid differentials, automotive axles, manual transmissions, truck axles and hubs and lower units in marine outboard/outdrives. It is recommended for applications requiring:

- API MT-1
- MIL-PRF-2105E or MIL-L-2105D
- Mack GO-G, GO-H AND GO-J
- API GL-5, GL-4
- Ford M2C197-A

PROPERTIES

SAE GRADE:	75W-90
API Classification	GL-5
AGMA Grade	4
VISCOSITY cSt@100°C	17.3
cSt@40°C	126
Viscosity Index	151
Gravity, API	31.2
Pour Point, °C (°F)	-48°C (-54°F)
Channel Point, °C (°F)	-51°C (-60°F)
Foam Test	Pass

Contact your CAM2 representative or CAM2 distributor for additional specific information.

BLUE BLOOD RACING PERFORMANCE

CAM2 SYNAVEX 75W-90 LS is formulated beyond what is needed to meet all the normal specifications for a Premium Quality Synthetic Gear Oil. Our Blue Blood Racing Formulation contains an additional 237% of anti-wear additives, 58% more extreme pressure additives and 29% additional friction modifier. CAM2 SYNAVEX 75W-90 LS delivers superior performance to meet the extraordinary requirements of high performance racing vehicles.

BENEFITS

Premium quality CAM2 SYNAVEX 75W-90 LS, through the combination of naturally high viscosity index (low pour) synthetic base oils and up-to-date additive technology, are more economical than oils of lesser quality and lower initial cost. Using CAM2 SYNAVEX 75W-90 LS Extreme Pressure Gear Lubricant will allow longer drain intervals, extended equipment life, and make a significant reduction in maintenance cost and downtime.
